

# Antitrust Remedies

*Trends, Challenges, and Innovations*

**Live Webinar & Panel Discussion**

**June 13, 2025 | 11 AM – 12 PM (MT)**

Join leading experts to explore the evolving landscape of antitrust remedies. This webinar will examine recent enforcement trends, particularly in light of major enforcement actions against the likes of Google and Meta, discuss the effectiveness of different types of remedies, and consider new approaches to addressing monopolistic practices in the digital age.

## About the Future of Antitrust Series

This webinar is part of BYU Law's Future of Antitrust Series, an initiative of BYU Law's Global Business Law Program that fosters collaboration and constructive debate among a range of perspectives in contemporary antitrust law and policy. Funded in part by Amazon.com, Inc., the Series seeks to provide a bridge between perspectives in what is now a highly competitive intellectual landscape.
